Vanessa has trained and worked professionally as an **actor, dancer** and **movement director**. Prior to this training, she worked as a corporate **lawyer**. This experience offers a unique set of skills which enables her to negotiate sympathetically between actors, directors, casting directors and crew. Her training allows her to craft scenes to achieve the desired outcome, while keeping performers safe - her main goal and purpose as an Intimacy Coordinator.

Vanessa was one of three Intimacy Coordinators who advised on and contributed to the Directors UK guide: Directing Nudity & Simulated Sex - Creating a Safe Environment for Daring Work.
